

Re: Changes in Media Ownership Rules

I want to record my opposition to changes in the rules that will permit consolidation and fewer owners of the public media. I have read the arguments on both sides of this issue and was most persuaded by the comments of Commissioner Michael Copps and the Project for Excellence in Journalism, (<http://journalism.org/resources/research/reports/ownership/default.asp>), and their discussion of the issues involved. The Augusta, Georgia area is already lacking in good news coverage. Consolidation will only make matters worse.

Thank you, Judy Gordon
